*top 10 best truck winch review and buying guide 2022* Sep 04 2020  
for pulling trucks it s better not to choose a winch less than 8000  
pounds weight pull capacity i recommend you start from 10000  
pounds choose a winch that is able to pull at least 1.5 times the  
weight of your truck the 1.5x rule is a minimum rating you should  
pick one with more high pulling capacity for better safety
