Sustainable Energy, 2nd Aug 06 2020 Readers explore present and future energy needs as well as options for continued use of fossil fuels and alternative energy sources with Dunlap's SUSTAINABLE ENERGY, 2nd Edition.

Individual chapters thoroughly investigate each energy approach as the book covers both current energy production and future strategies. The author assumes reader familiarity with the basic concepts of freshman-level physics and chemistry. The text emphasizes the complexity of energy issues and the need for a multidisciplinary approach to solving energy problems. Quantitative end-of-chapter problems emphasize analyzing information, correlating data from various sources, and interpreting graphical data and interpolate values. Readers see real problems in producing and using energy as they realize that while exact calculations are important, a broad-based analysis is often most appropriate. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Sustainable and Functional Redox Chemistry Jul 25 2019 Mimicking nature's efficiency and sustainability in organic chemistry is a major goal for future chemists; redox reactions are a key element in a variety of fields ranging from synthesis and catalysis to materials chemistry and analytical applications. Sustainability is increasingly becoming a consideration in synthesis and functional chemistry and an essential element for the next generation of chemistry in academia and industry. This book represents a compilation of the latest advancements in functional redox chemistry and demonstrates its importance in achieving a more sustainable future. This book is an ideal companion for any postgraduate students or researchers interested in sustainability in academia and industry.

Spell Or High Water Aug 25 2019 The adventures of an American hacker in Medieval England continue as Martin Banks takes his next step on the journey toward mastering his reality-altering powers and fulfilling his destiny. A month has passed since Martin helped to defeat the evil programmer Jimmy, and things couldn't be going better. Except for his love life, that is. Feeling distant and lost, Gwen has journeyed to Atlantis, a tolerant and benevolent kingdom governed by the Sorceresses, and a place known to be a safe haven to all female time-travelers. Thankfully, Martin and Philip are invited to a summit in Atlantis for all of the leaders of the time-traveler colonies, and now Martin thinks this will be a chance to try again with Gwen. Of course, this is Martin Banks we're talking about, so murder, mystery, and high intrigue all get in the way of a guy who just wants one more shot to get the girl. The follow-

up to the hilarious *Off to Be the Wizard*, Scott Meyer's *Spell or High Water* proves that no matter what powers you have over time and space, you can't control rotten luck.

Hell & High Water Sep 06 2020 Action. Comedy. Romance. And that one weird guy. When homicide detective Dexter J. Daley's testimony helps send his partner away for murder, the consequences - and the media frenzy - aren't far behind. He soon finds himself sans boyfriend, sans friends, and, after an unpleasant encounter in a parking garage after the trial, he's lucky he doesn't find himself sans teeth. Dex fears he'll get transferred from the Human Police Force's Sixth Precinct, or worse, get dismissed. Instead, his adoptive father - a sergeant at the Therian-Human Intelligence Recon Defense Squadron otherwise known as the THIRDS - pulls a few strings, and Dex gets recruited as a Defense Agent. Dex is determined to get his life back on track and eager to get started in his new job. But his first meeting with Team Leader Sloane Brodie, who also happens to be his new jaguar Therian partner, turns disastrous. When the team is called to investigate the murders of three HumanTherian activists, it soon becomes clear to Dex that getting his partner and the rest of the tightknit team to accept him will be a lot harder than catching the killer - and every bit as dangerous.

Hell Or High Water Sep 30 2022 Gemini, Book 3 Camille Ellis has gone rogue agent, and there's no turning back now. The conclave might have put the Charybdis case to bed, but Cam isn't willing to let it lie. No badge doesn't mean no backup these days. As mate to an alpha warg, she has access to new and lethal resources. A whole pack full of them. And they all want justice for the sins committed against them. But the stakes are higher than she knows, the secrets exposed darker than she feared, and the cost of winning higher than she ever imagined.

High Water (Oxford Read and Imagine Level 3) May 27 2022 Ben and Rosie take their kayaks to Grandpa's favourite river – but there's a flood! Sam has a pet store in the town, and water from the river is in his store. Can Ben help the animals? Read and Imagine provides great stories to read and enjoy, with language support, activities, and projects. Follow Rosie, Ben, and Grandpa on their exciting adventures . . .

Daylight Again Nov 01 2022 Before Prophet Drews can have a future, he must first put his past to rest. Prophet Drews is a man on the edge, and he's pulling Tom Boudreaux, his partner on the job and in real life, right over with him. When his old CO calls in a favor, Prophet asks Tom to join the off-the-grid rescue. But the mission raises all of Prophet's old ghosts: CIA assassins, the terrorist Sadiq, and most importantly, John — traitor, former teammate, and Prophet's first love. To help bury those ghosts for good, Prophet and Tom gather the members of Prophet's former SEAL team...and a spook named Cillian who's been tailing Prophet for years. In the process, Prophet is forced to face his team's shifting loyalties, ghosts who refuse to stay dead, and scariest of all, his own limitations. With everyone's lives in danger, Prophet and Tom must unravel a tangled knot of secrets, including their own. Prophet must decide how much to reveal to Tom, while Tom must decide how far he's willing to go to help Prophet lay his ghosts to rest.
