I Left My Homework in the Hamptons Sep 26 2019 A captivating memoir about tutoring for Manhattan's elite, revealing how a life of extreme

wealth both helps and harms the children of the one percent. Ben orders daily room service while living in a five-star hotel. Olivia collects luxury brand sneakers worn by celebrities. Dakota jets off to Rome when she needs to avoid drama at school. Welcome to the inner circle of New York's richest families, where academia is an obsession, wealth does nothing to soothe status anxiety and parents will try just about anything to gain a competitive edge in the college admissions rat race. When Blythe Grossberg first started as a tutor and learning specialist, she had no idea what awaited her inside the high-end apartments of Fifth Avenue. Children are expected to be as efficient and driven as CEOs, starting their days with 5:00 a.m. squash practice and ending them with late-night tutoring sessions. Meanwhile, their powerful parents will do anything to secure one of the precious few spots at the Ivy Leagues, whatever the cost to them or their kids. Through stories of the children she tutors that are both funny and shocking, Grossberg shows us the privileged world of America's wealthiest families and the systems in place that help them stay on top.

Mathematics Homework and Grading in a PLC at Work Oct 27 2019 Part of the Every Student Can Learn Mathematics series Boost K-12 student achievement and math skills by enhancing your approach to mathematics homework and grading. This user-friendly resource is divided into two parts, each covering a key team action for mathematics in a PLC at Work(tm). First, you'll learn how to develop common independent practice assignments or math homework for formative student learning within a professional learning community (PLC). Then, discover how to work collaboratively to create quality equitable grading practices to help you evaluate independent practice effectiveness. The book features teacher team tools and activities to inspire student achievement and enhance grading routines as part of a formative student learning process. Learn collaborative homework and grading practices to grow your students' math skills: Discover how you and your colleagues can design and use mathematics homework and grading practices to produce significant improvement in student learning. Learn the value of common scoring agreements among educators. Understand and find solutions to common grading errors to ensure equity among all students. Implement effective grading practices that provide meaningful and actionable formative feedback to students. Support student engagement and ensure students persevere in their learning of mathematics problem solving. Contents: Preface Introduction Part 1: Team Action 5--Develop and Use High-Quality Common Independent Practice Assignments for Formative Student Learning Chapter 1: The Purpose of High-Quality Common Independent Practice Assignments Chapter 2: Sample Independent Practice Assignments Chapter 3: Formative Routines for Improved Student Learning Chapter 4: Common Scoring and Grading Agreements for Homework Assignments Part 2: Team Action 6--Develop and Use High-Quality Common Grading Components and Formative Grading Routines Chapter 5: The Purpose and Nature of Grading in Mathematics Chapter 6: How to Create an Evaluate Quality Grading Components Chapter 7: Formative Grading Routines Chapter 8: Traditional Report Card Grades and Standards-Based Scoring Routines Epilogue Appendix References and Resources Index Books in the Every Student Can Learn Mathematics series: Mathematics Assessment and Intervention in a PLC at Work(tm) Mathematics Instruction and Tasks in a PLC at Work(tm) Mathematics Homework and Grading in a PLC at Work(tm) Mathematics Coaching and Collaboration in a PLC at Work(tm)
