Wrong Kind of Love Feb 21 2022 \*This is a new adult romance not meant for those under 18. It contains sex, drugs, and under age drinking. The first time I ever saw Caden Harper I'm pretty sure I fell in love. All that golden hair and pale blue eyes. He was mysterious and covered in paint. I found it endearing and wanted nothing more than to find out all his secrets. I gave that man things I would never give anyone else. He blew it though. Which I shouldn't be surprised considering he is a womanizer. So I moved on, well kind of. Jaden Harper wasn't what I expected. I found myself drawn to him almost as much as his brother. Maybe it's the fact they are twins or maybe it was the fact I wanted to live on the wrong side for once in my life. Now I've found myself dug deep in this game. There's no end in sight and I wonder when all the lies I have told will come back to haunt me. Neither man should know the things I've gone through. Neither should trust me. I'm not who I say I am. My past is full of things I won't ever share. But where will that lead me when Caden wants nothing more than to consume me? He won't wake up to see he has the wrong kind of love. My Name is Grace Breadfield and this is my story.\*While this title is a part of the Young Love series, it can be read as a standalone. There is a HEA and no cliffhanger.

*The 26th Protocol* Jun 23 2019 \*\*\*Large Print Edition\*\*\* ????? "A brilliant and believable dystopia, a 21st century version of 1984 or Gilead from *The Handmaid's Tale*." What if life had a use-by date? A New World Council runs the planet, a perfect world in their view, where everyone and everything has a time and place—even death. Blythe Harrell is a man very much on the inside of the system—but the more he sees, the more broken he understands things to be. Yet to challenge anything is to challenge it all. Even his own place at the very top. Through medical advances, most life-threatening diseases have been defeated. Yet underlying the whole system, a human-cancer grows. When Blythe discovers his wife is expecting, their unborn child carrying one of the last incurable diseases—a death sentence to most—he's forced to confront the truth about the world around him. The 19th novel release and 7th stand-alone thriller by International Bestselling Author Tim Heath. Early reader feedback: ????? I really enjoyed this dystopian. It's an interesting take on the evolution of humanity, especially considering the pandemic we're currently facing. Pre-programmed life spans proclaiming equality for all, guaranteed employment and a huge retirement package... What could possibly be wrong with that? As ever, this book is beautifully crafted. Great character and world building. Lots of different characters who seem to have nothing to do with each other are gradually brought together in an intricate way. Gripping and intriguing this is a fabulous read. ????? Interesting read on a futuristic world that has cured many of the woes of the world. What they haven't resolved is the people being divided into different classes. As Blythe makes the journey to resolving the class divide, it is an interesting view into the psyche of the human race. Enjoyable all the way to the finish, in a genre I spend little time reading.

*The Shadows* Jul 17 2021 "This is absorbing, headlong reading, a play on classic horror with an inventiveness of its own... As with all the best illusions, you are left feeling not tricked, but full of wonder." – The New York Times The haunting new thriller from Alex North, author of the New York Times bestseller *The Whisper Man* You knew a teenager like Charlie Crabtree. A dark imagination, a sinister smile--always on the outside of the group. Some part of you suspected he might be capable of doing something awful. Twenty-five years ago, Crabtree did just that, committing a murder so shocking that it's attracted that strange kind of infamy that only exists on the darkest corners of the internet--and inspired more than one copycat. Paul Adams remembers the case all too well: Crabtree--and his victim--were Paul's friends. Paul has slowly put his life back together. But now his mother, old and suffering from dementia, has taken a turn for the worse. Though every inch of him resists, it is time to come home. It's not long before things start to go wrong. Paul learns that Detective Amanda Beck is investigating another copycat that has struck in the nearby town of Featherbank. His mother is distressed, insistent that there's something in the house. And someone is following him. Which reminds him of the most unsettling thing about that awful day twenty-five years ago. It wasn't just the murder. It was the fact that afterward, Charlie Crabtree was never seen again...

*Mistress* Aug 18 2021 After a year of grand adventures touring the classical ruins of

Italy and Greece, Iphigenia Bright returned to England to discover that the real excitement was at home. It seems that her Aunt Zoe has fallen victim to a sinister blackmailer and only Iphigenia can hope to stop the culprit before he can do more harm. Her plan is inspired: Imitating history's most legendary beauties--Cleopatra, Helen of Troy, Aphrodite--the former schoolmistress will remake herself, and descend upon London Society as the dazzling mistress of Marcus Valerius Cloud, the infamous Earl of Masters. Rumors hint that the Earl has disappeared at the blackmailer's hands, and by posing as his unknown mistress, Iphigenia is convinced she can ferret out the villain. Overnight, Iphigenia is transformed into a vision with a host of eager admirers, including one she does not expect -- the Earl of Masters himself, who strides into a shimmering ballroom one evening to coolly reclaim his "mistress". He is everything they say he is... arrogant, attractive, devastatingly seductive, and Iphigenia can't help but be enthralled. But when Marcus agrees to play along with her charade, she doesn't know that the determined earl has plans of his own: to tease and tempt her, until the beautiful deceiver becomes more than his mistress in name only.

*Don't Look Back* Mar 01 2020 In this most entrancing tale of mystery and romance by the New York Times bestselling author AMANDA QUICK, lovers and partners-in-crime investigators Lavinia Lake and Tobias March continue their exciting newfound relationship, with its delicious mix of risky business, rising passion, and now--murder. As if a head for business and a nose for trouble aren't enough to distinguish fiercely independent Lavinia Lake from the other women of London's fashionable Claremont Lane, there is one more feature to set her apart. Lavinia is also well versed in the practice of mesmerism, an extraordinary gift that far surpasses mere charm and physical appeal. Nobody knows this better than the usually coolheaded Tobias March, who seems to have fallen hopelessly under her spell. Fortunately for all, however, Lavinia uses her powers for good. And ever since a tragedy involving one of her subjects, she has even retired them in favor of her work with Lake and March, a joint venture providing "discreet private inquiries for individuals of quality." Celeste Hudson, the stunningly beautiful young wife of a family friend and fellow mesmerist, would surely count herself among such individuals--were she still alive, that is. While mythology's Medusa could turn men to stone, lovely Celeste was more accustomed to turning them to jelly. In fact, unbeknownst to her husband, Howard, the ambitious Celeste was planning to use her talents to forge a new future in Society--one that would not include him. Sadly, her plans were cut short when she was murdered. Only a gentleman's cravat wound around her lovely neck remained for evidence--small compensation for the strange and priceless bracelet that may have been snatched from her wrist as she drew her last breath. As a result, Lake and March are soon in Howard Hudson's employ on the trail of the killer. But Tobias is convinced the dashing widower is more interested in tracking down the missing relic. If so, Howard is not alone. Any number of ruthless types are after the very same antiquity, whose centerpiece is an unusual blue cameo of inestimable value and supposed legendary powers--powers of immeasurable worth to anyone in Howard's line of work. Together,

Lake and March undertake a tantalizing investigation that leads them from the glittering ballrooms of the ton to London's seediest taverns to a mesmerist whose therapies include treating ladies suffering from "hysteria" is a most unconventional method--and, not least of all, to the darkest reaches of men's psyches. Along the way, Don't Look Back becomes a completely mesmerizing read as the irrepressible Lavinia and Tobias mix business with pleasure....

**Norma Jean** Apr 13 2021 The night Chance Duncan drunkenly kissed me on his couch, I vowed my revenge. I finally had something over his head, something that would bring him to his knees. He was almost a man and easily stole my breath away. I just wanted to make him fall in love with me, then break his heart into a million pieces. Just the way mine was. Instead he put the pieces back together and I started to feel whole again. Good things never last. He did what I was supposed to do. Broke my already fragile heart all over again. Betrayed and alone I fled my home town and started a new life where I wasn't in the shadow of what I did. Now he is back and trying to worm his way into my heart, again. Though he will never know it will always belong to him. He hurt me and I want nothing to do with him. Life has other plans. Doesn't it always? He doesn't know though. Doesn't know what I'm hiding or who I'm hiding from. I never thought I would see Chance again and I'm afraid that he'll get hurt getting mixed up in my mess. Though he is right in the middle of it, without even knowing it. I have to find a way for us to get out, before somebody dies. My name is Norma Jean and this isn't a fairytale.

"A phantasmagoria of alcohol, sex, art, conversation, glam rock, and New Wave cinema. Hannah's writing combines self-aware humor with an intoxicating punk energy." —The New Yorker Painter Duncan Hannah arrived in New York City from Minneapolis in the early 1970s as an art student hungry for experience, game for almost anything, and with a prodigious taste for drugs, girls, alcohol, movies, rock and roll, books, parties, and

everything else the city had to offer. Taken directly from the notebooks Hannah kept throughout the decade, *Twentieth-Century Boy* is a fascinating, sometimes lurid, and incredibly entertaining report from a now almost mythical time and place.

**Switch** Mar 25 2022 Why is it so hard to make lasting changes in our companies, in our communities, and in our own lives? The primary obstacle is a conflict that's built into our brains, say Chip and Dan Heath, authors of the critically acclaimed bestseller *Made to Stick*. Psychologists have discovered that our minds are ruled by two different systems - the rational mind and the emotional mind—that compete for control. The rational mind wants a great beach body; the emotional mind wants that Oreo cookie. The rational mind wants to change something at work; the emotional mind loves the comfort of the existing routine. This tension can doom a change effort - but if it is overcome, change can come quickly. In *Switch*, the Heaths show how everyday people - employees and managers, parents and nurses - have united both minds and, as a result, achieved dramatic results: • The lowly medical interns who managed to defeat an entrenched, decades-old medical practice that was endangering patients • The home-organizing guru who developed a simple technique for overcoming the dread of housekeeping • The manager who transformed a lackadaisical customer-support team into service zealots by removing a standard tool of customer service In a compelling, story-driven narrative, the Heaths bring together decades of counterintuitive research in psychology, sociology, and other fields to shed new light on how we can effect transformative change. *Switch* shows that successful changes follow a pattern, a pattern you can use to make the changes that matter to you, whether your interest is in changing the world or changing your waistline.

Distraught after selling the family home, Julia moves into a condominium complex that offers the warmth and charm of a fresh start. Her beloved father's trusty saying is ringing truer than ever: It's better this way. But when Julia meets a handsome new resident in the building's exercise room, she can't help but be drawn to him. Heath Wilson is a welcome change from the men she's encountered on the occasional—mostly disastrous—dates her sister has eagerly planned for her over the years. "To what extent can science and vigilance prevent or mitigate negative outcomes?" and "What obligation do some segments of local, national, and global populations have to help other segments manage risks?", shedding light on the issues in the quest for definitive answers. The Handbook offers a broad approach to the study of risk and crisis as joint concerns. Chapters explore the reach of crisis and risk communication, define and examine key constructs, and parse the contexts of these vital areas.
